PLUNKETT'S PEST CONTROL ACQUIRES CARTER PEST SERVICES

Fridley, MN (January 7, 2021) - Plunkett's Pest Control, Inc. has acquired Carter Pest Services, based in Farmington, NM. Carter provides full-service residential and commercial pest services throughout New Mexico, western Texas, Colorado, and eastern Arizona.

With this acquisition, Plunkett's expands its service territory across New Mexico and into Colorado, growing its service footprint to 22 states.

According to Plunkett's President, Stacy O'Reilly, "Carter is a rare gem. An opportunity to acquire a high-quality, well-known brand in the southwest region comes along only once every 20 years. We're excited to learn from their team and share our resources to further develop the region. We're committed to providing clients with the same level of service they have come to expect."

Bruce Carter started Carter Services in 1980 with an idea and a truck. With his innovative approach, customer-focus, and team development, he's proud of the company he built. "I'm thrilled to work with Plunkett's. Like us, they are a family-owned business with a reputation of innovation. We bring expertise about bird exclusion and pests of the southwest, and Plunkett's brings investments in training and software. They are like us, but with a few decades head start. We're stronger together and are only going to get better from here."
